Cc: Wayne Lorenz <wlorenz@wrightwater.com>; Catherine Trowbridge <ctrowbridge@wrightwater.com>

Hello Eric,

Thank you for submitting the inventory information for this dewatering project. This project is currently **authorized by rule** to inject the raw groundwater water back into the same formation as proposed on your application.

Dennis Hotovec (included in this email) will follow up with a Rule Authorization confirmation letter in approximately 30 days.

Let me know if you have any questions.

**Omar Sierra-Lopez, M.S.**

Hi Omar,

My name is Eric Bodine and I work for Wright Water Engineers (WWE). Karl Kingery no longer works with WWE so I will be the point of contact for the dewatering projects you have recently worked on with Karl.

I'm contacting you because we are working on another foundation dewatering project and are hoping to discharge the dewatered groundwater back into the groundwater under and an EPA Class V UIC authorization. We used the inventory form that you have provided to us in the past. Can you please review this request and let us know if this discharge would be authorized by rule?

Please feel free to give me a call to discuss and let me know if you have any questions.

Thank you for reviewing this request.

Sincerely,

Eric Bodine, P.E.
